SUMMARY

As a Software Engineering graduate specializing in Next.js and React, I have a demonstrated history of building robust full-stack applications. My commitment to quality is evidenced by my use of Playwright for comprehensive end-to-end testing, ensuring seamless performance across diverse browsers and devices. I am proficient in Linux environments and looking to leverage my expertise in creating intuitive user interfaces within a dynamic development team.

EDUCATION

Bachelor of Software Engineering

Telkom University

GPA: 3.89/4.00

Relevant Coursework: Web Development, Data Structures, Algorithms, Databases, Software Testing, Software Quality Assurance, Software Requirements Engineering

Sep 2021 - Aug 2025

Purwokerto

EXPERIENCE

Web Design Intern

PT Malaka Teknologi Indonesia

- Built web pages from Figma prototypes using Elementor, ensuring a seamless user experience

- Designed and built a complete landing page for the company, adding key sections like pricing tables and testimonials to increase user engagement and drive conversions

- Redesigned a government site homepage for easier public access to key information

Mar 2025 - May 2025

Jakarta

PROJECTS

MindEase | [GitHub](#) | [Live Demo](#)

Dec 2024

- Used Next.js for server-side rendering and React for building user interfaces, ensuring a seamless and responsive user experience
- Utilized shadcn/ui for styling components, achieving a visually appealing and consistent design across different devices and browsers
- Conducted end-to-end testing using Playwright, significantly improving application stability and minimizing user-reported issues

snarky-discord-bot | [GitHub](#)

Dec 2024

- Integrated AI chatbot based on Llama-3.1-8B-Instruct model
- Configured GitHub Actions to handle automated bot execution with secure environment variables
- Implemented core bot functionality using Python

Pahe | [GitHub](#) | [Live Demo](#)

Jun 2024

- Implemented responsive web design with Flexbox using Tailwind CSS utility classes
- Employed advanced library to achieve smooth animations and transitions
- Leveraged the TMDB API to integrate dynamic data and content

Playpal | [GitHub](#) | [Live Demo](#)

Dec 2023

- Created key components to manage product catalogs, process orders, and handle user data on the client-side
- Built a dynamic user dashboard with features including secure authentication, account settings, and order history, creating a seamless user journey
- Employed version control with Git and collaborated with team using GitHub

TECHNICAL SKILLS

- Languages:** JavaScript, HTML, CSS
- Technologies:** Next.js, React, Tailwind CSS, Astro, Vite
- Testing:** Playwright

- **Services:** Firebase, MongoDB, Cloudflare Pages
- **Design:** Figma, Balsamiq
- **Tools:** Git, Docker, VS Code
- **Others:** Linux

CERTIFICATIONS

English Proficiency Test | [Details](#)

Mar 2025

Telkom University Language Center

- Achieved B1 English level

Full-stack Web Development | [Details](#)

Aug 2023 - Dec 2023

MSIB x LearningX

- Ranked in Top 5 of 180 students
